

28 Days 28 Faces

February Drawing Challenge

28 Days...

...28 Faces

The challenge:

Each day of February draw one face

It can be as large or as small as you like

It can be drawn using any materials

At the end of the 28 days submit photographs of your drawings to the assignment on Teams

There will be a prize for the most faces drawn in 28 days and a prize for the most visually interesting work

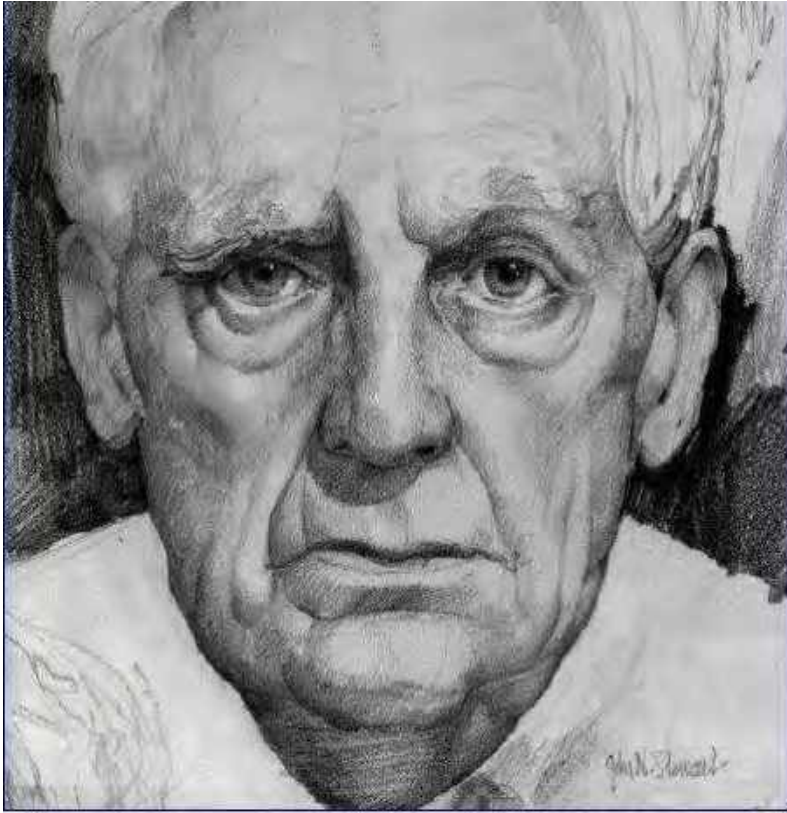

The following slides are just a suggestion of faces to draw and techniques to use

You can choose to use real people at home or photographs you have found to draw from, but do make sure you are observing a subject
