

Hub of inspiration

Francis Holland became the first ever school to host a Hub Dot event this summer.

Founded by Simona Barbieri, Hub Dot is a global movement that aims to connect women through storytelling. About 250 people attended the Francis Holland event, ranging from pupils through to mothers, staff and old girls.

During the inspiring gathering, wisdom was shared across the generations, with topics ranging from tech entrepreneurship to self-reinvention.

Headmistress Lucy Elphinstone said: "We are excited at the opportunities this gives our students."
