

FRANCIS HOLLAND SCHOOL
SLOANE SQUARE

**ALL HER
PROMISE
NEEDS
IS YOURS**

Unearthing the environmentalists of tomorrow.

Talented young women from all backgrounds are now developing the skills needed to create a truly sustainable future.

FHS Sloane Square is committed to driving this change through our transformational bursary programme for girls who show the promise to be the leaders, designers, innovators and engineers of tomorrow, regardless of their background.

Yet we cannot stand still. We intend to double our bursary provision by 2032, so that we can unearth more girls with the promise to be the game-changers of tomorrow.

What's more, environmental sustainability is at the heart of school life and the introduction of innovative schemes to reduce waste and increase green space has seen us win several environmental awards.

It is no surprise therefore that we are proud to sponsor the Belgravia Magazine Friend of the Earth Award 2023. Good luck to all nominees.
