SLOANE SQUARE

## FRANCIS HOLLAND SCHOOL SLOANE SQUARE

CREATIVITY | INNOVATION | ENTERPRISE

**F**rancis Holland School, Sloane Square, educates girls from 4 to 18, offering a vibrant yet supportive environment where girls flourish both academically and personally. Founded in 1881 by the Reverend Francis Holland, the school maintains traditional values with a contemporary outlook, recognising the opportunities that girls have growing up in London today.

Our origins as a Church of England foundation give the school an important moral framework but girls from all faiths are most welcome.

---

## WELCOME

---

Welcome to Francis Holland, Sloane Square! The dedication and skill of our teachers in providing creative and challenging learning for the girls is truly extraordinary and contributes greatly to our happy and inspiring environment. We combine the best of the traditional – clear spiritual and moral values, an emphasis on character, compassion and service – with an innovative and forward-looking vision for preparing young women for this rapidly-changing technological world. Infused with passion, purpose and a sense of joy, ours is a School where children flourish, achieving far more than they could ever have imagined.

Curiosity, critical thinking and problem-solving lie at the heart of our approach to learning. With around sixty clubs, activities and societies to choose from, our pupils can develop new interests, discover unexpected talents and feel valued – not for their examination results, though these are outstanding – but simply for who they are, with all their unique and exciting gifts and personalities. We know that one of the greatest challenges for girls is to overcome their fear of failure. Perfectionism and the ‘curse of the good girl’ can prevent them from taking risks, rising to challenges and ‘having a go’. Performance anxiety coupled with all the pressures of social media can rob girls of the opportunity to enjoy new opportunities and achieve high goals. We therefore help them develop courage, emotional resilience and a strong sense of self-worth. We create an environment where mistakes or failure are merely ‘work in progress’ and essential to the journey towards maturity and confidence. We seek to instil a love of learning through our own enthusiasm for discovering more of this vibrant, complex world around us. Here, in the centre of one of the most exciting cities in the world, your daughter can prepare for the adventure of adult life and enjoy unrivalled cultural opportunities in a safe, caring and inspiring community.

## ACADEMIC SUCCESS

FHS is a community with an outstanding academic track record.

Expectations are high and results are achieved through a challenging academic curriculum provided by our specialist staff. Teachers always make time for girls, encouraging an enthusiasm for learning, intellectual curiosity and creativity.

## HIGH PERFORMANCE

Motivated staff give individual attention.

Small teaching groups and a healthy mix of experienced and younger staff offer dynamic teaching which enables girls to fulfil their academic potential. Relationships between staff and pupils are unique, founded on mutual respect and an enjoyment of being at FHS.

## INDIVIDUAL EXPRESSION

We believe passionately in the potential of the individual.

We know that every girl has a talent which we will find and nurture, and our aim is to provide the ideal environment in which she can flourish. We don't look for girls to fit the FHS mould; we look for girls with the potential to succeed.

## CARE AND COURTESY

The warmth and friendliness of staff and pupils are self-evident.

Girls achieve and thrive in the happy and relaxed environment. Staff genuinely know and care about the pupils. The size of the school enables girls to enjoy mixing with older and younger year groups.

## SPORTING EXCELLENCE

An active lifestyle is a cornerstone of the FHS educational experience.

Whether girls are highly competitive or just keen to participate, the size of the school provides a wealth of opportunities for girls to develop their sporting talents and represent FHS as part of a team or as an individual.

We have a well-equipped gymnasium and netball / tennis court on site and use some of the best off-site facilities just moments away.

## PERFORMING ARTS MUSIC

State of the art facilities ensure the highest standard of music.

Carmel Hall, our specialist performing arts centre, offers a stunning double-height performance space for concerts and includes ten high specification Music Practice Rooms for use by girls throughout the school. Musical talent is nurtured by our inspirational in-house recording studio and specialist composition software at GCSE and A level.

## PERFORMING ARTS DRAMA

Every girl can enjoy participating in drama productions and play competitions.

Our specialist performing arts centre provides a truly inspirational space in which to practise and perform. The many drama productions are enhanced by cutting-edge sound and lighting equipment which is particularly beneficial to those studying at GCSE and A level.

## CREATIVE ARTS

Girls are encouraged to explore their creative talent.

Every year a number of girls go on to study Foundation Art Courses when they leave. The standard of work is exceptionally high and girls often enjoy developing their creative skills alongside their academic pursuits.

# BEYOND THE CLASSROOM ACTIVITIES

Variety is the key to co-curricular activities.

Some clubs specifically enhance the academic curriculum, such as Debating, whereas some activities are just for pure enjoyment, such as Podcasting and Horse Riding Club. Ballet is a particular strength of the school but at FHS there is something for everyone.

Ski Trip to Morzine

South Africa Netball Tour

Year 12 Maths Trip to Florence

Year 7 Classics Trip to Bath

A Level Politics Trip to Brussels

Year 3 Forest School Trip

A Level Geography Trip to Barcelona

Lower School Choir Tour to Tuscany

Year 12 French and Physics Trip to Paris

Year 6 Trip to Somerset

Year 8 Trip to Bhaktivedanta Manor

Year 4 Trip to Chelsea Physic Garden

Year 7 Biology Trip to Port Lympne Safari Park

Ski Trip to Les Menuires

Year 10-13 Geography Tour to Colorado

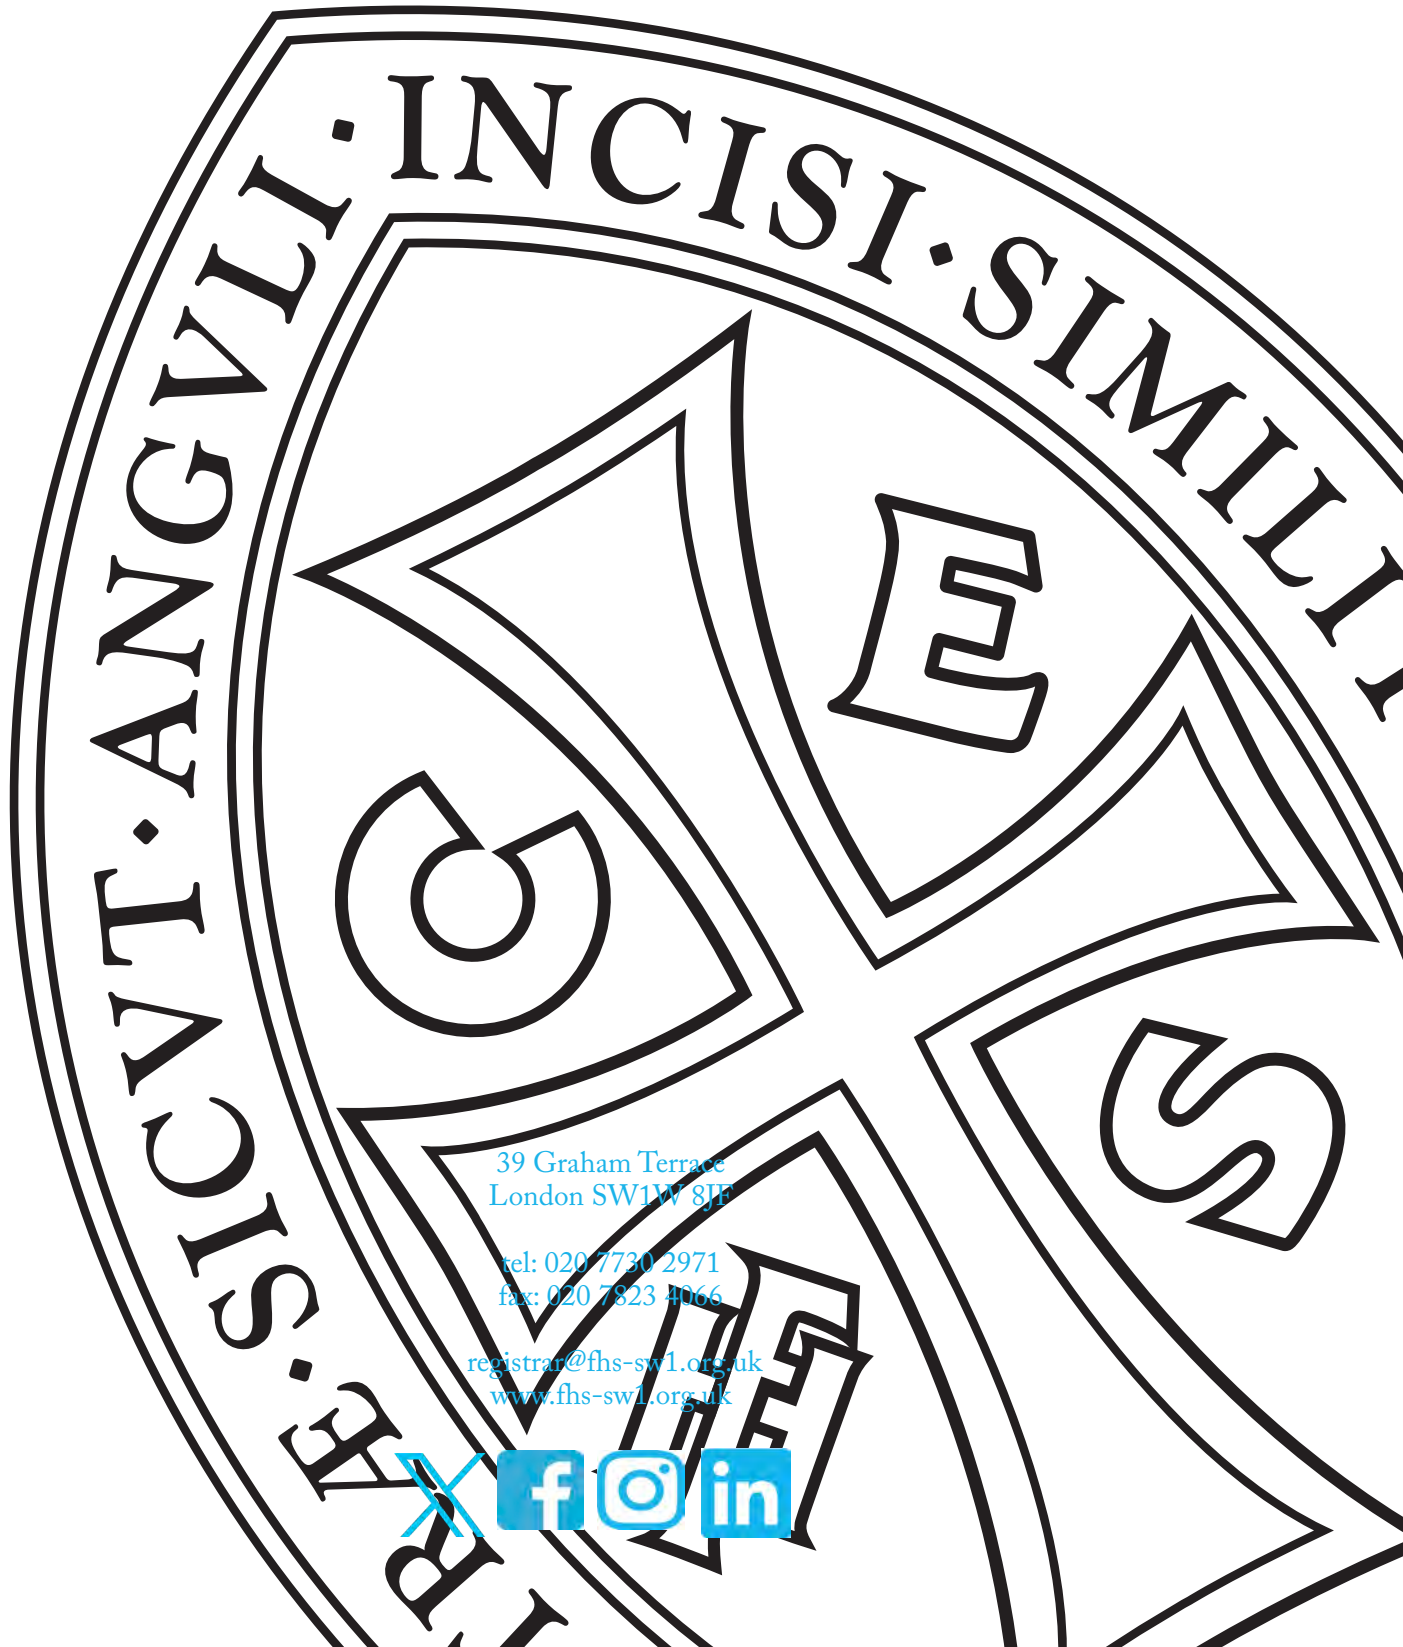

## LIFE AFTER FHS

Preparing girls for the global marketplace.

In today's world we cannot escape the importance of academic success, so great emphasis is placed on offering guidance and support in making the right university and career choices. FHS is a strong community that allows girls to develop their own personality and enter the world with confidence and a strong network of lifelong friendships made at FHS.
