CO-CURRICULAR ACTIVITIES

At Francis Holland, Sloane Square we believe that the development of your daughters' skills and talents outside the classroom is as essential to their education as academic life in the classroom. We have an extraordinary range of co-curricular clubs and activities on offer; members of staff and students are committed to leading and taking part in this thriving aspect of school life.

With an average of over 25 clubs and activities running each day, we can be certain that your daughter's co-curricular programme will be busy and very much tailored to her own interests.

We are open to the idea of starting new clubs should your daughter wish to take part in an activity which is not listed in this booklet; our aim is to provide the broadest range of experiences to suit every girl in our vibrant school

PERFORMING ARTS

BALLET

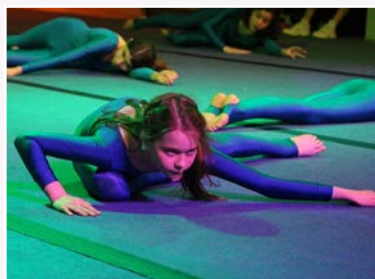

The aim of ballet within school is to inspire and nurture a love of classical ballet, its history and traditions. Students are prepared for examinations of the Royal Academy of Dance and also for various school performances.

All Year Groups (£)
